

Undiagnosed, Unscrupulous and Unbeatable: The Paul Haber Story (Hardback)

By Monty Nereim

BookBaby, United States, 2016. Hardback. Book Condition: New. 218 x 147 mm. Language: English . Brand New Book. Undiagnosed, Unscrupulous and Unbeatable chronicles the life of a quick-witted Jewish kid who battled child abuse, manic depression, personality disorder and alcohol to become one of history's greatest and most controversial handball players. Had these issues not been a part of his life, would he still have become a legendary superstar in his sport? Conflict and triumph have many stories, none like the saga of Paul Haber. Charisma and manipulation bolstered his admiration and support by many well-intentioned enablers. Brazen intimidation, unscrupulous conduct and exceptional athleticism accounted for his succession of demoralizing victories over his opponents. His clashes with the very hand that fed him played out in juicy detail in Newsweek, Sports Illustrated, Argosy and Ace magazines as well as newspapers coast-to-coast, including the front page of the Wall Street Journal. Haber was both loved and hated by many but the press and fans salivated over his every appearance. He rose to fame and misfortune upsetting everyone and everything in his path. Multi-millionaire Robert Kendler and others became his unwitting sponsors, providing money and excuses for his irresponsible actions, while applauding...

Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It's been written in a remarkably easy way in fact it is only right after I finished reading this book in which basically changed me, modify the way I really believe.
