Lets face it, bullying has been around for eons and It never seems to get fixed no matter what authorities do or parents do or whatever action abused adults take in their own defence against bosses, or whoever is being inappropriate. Children have been so abused by their peers as to take their own life. suicide is very permanent solution to an impermanent problem. No matter what action is taken it seems this problem sticks to society like bugs to flypaper. Is there an answer Is there a better way I think there is. It may not be the answer for every situation. But I believe there is another way to deal with this age-old problem. And people of all ages need to check it out for the good of all concerned.
